Notice type: General Procurement Notice

Issue date: 01 March 2021

Closing date: 12 October 2022 at 23:59 Kyiv time

The Capital Construction Department of the Ivano-Frankivsk City Council is going to continue to announce competitive tendering for the works, goods and services defined by the Project “Energy efficiency improvements in public buildings in the city of Ivano-Frankivsk” (2nd and 3rd stages). Start of tendering for the contracts is planned in the first quarter of 2021.

The Capital Construction Department of the Ivano-Frankivsk City Council intends to use the funds from a loan provided by Nordic Environment Finance Corporation (NEFCO), funding from the city of Ivano-Frankivsk and grant funds from Eastern Europe Energy Efficiency and Environment Partnership (E5P)* for the works, goods and services as listed below.

The Projects is being implemented based on the decision of the Ivano-Frankivsk City Council No. 22-11 dated 15 March 2017 “On attracting the loan facility from NEFCO for financing the Project “Energy efficiency improvements in public buildings in the city of Ivano-Frankivsk” (2nd stage) (in revision according to the decision of the Ivano-Frankivsk City Council No. 179-41 dated 19 June 2020 (3rd stage)).

As a part of continuation of the “Energy efficiency improvements in public buildings in the city of Ivano-Frankivsk” project” in 2021 contractors will be selected for implementation of contracts in a number of up to 25, in a total amount of about 135 million UAH (about 4 million Euro) in the following areas:

- thermal modernization of the public buildings;
- partial replacement of the windows and entrance doors;
- partial replacement of the cooking stoves;
- partial replacement of the incandescent light bulbs for the LED bulbs;
- reconstruction of the heating systems;
- balancing of the heating system;

- installation of individual heating substations with automated control;
- installation of the local ventilation systems with heat regeneration.

*The Eastern Europe Energy Efficiency and Environment Partnership (E5P) Fund is a €180 million multi-donor fund managed by the EBRD and designed to promote energy efficiency investments in Ukraine and other eastern European countries. The fund was established under an initiative of the Swedish government during its presidency of the European Union (EU) in 2009. E5P complements energy efficiency loans provided by financial institutions including the European Bank for Reconstruction and Development, the European Investment Bank, KfW, NEFCO and the World Bank Group. Contributors to E5P are the EU and the US, as well as Denmark, Estonia, Finland, Germany, Iceland, Ireland, Latvia, Lithuania, Norway, Poland, Slovak Republic, Sweden, Switzerland and Ukraine.
