

# INVITATION FOR TENDERS

## Ukraine

### **Supply, Installation and Construction Works for the reconstruction of water supply distribution pipes and replacement of pumps for the object “Reconstruction of water supply networks of MUC “Berdychivvodokanal” of Berdychiv city”**

This Invitation for Tenders follows the General Procurement Notice dated 03.02.2022 for NEFCO NIP Ukraine Water System Modernisation Programme which was published on the Procurement Notices section of NEFCO's website (<https://www.nefco.int>).

**Municipal Utility Company “Berdychivvodokanal”** hereinafter referred to as “the Employer”, intends to use part of the proceeds of financing from the Nordic Environment Finance Corporation (NEFCO), the European Union (EU) and own co-financing towards the cost of the project **“Reconstruction of the Water Supply Facilities of CCE “Berdychivvodokanal” of the city of Berdychiv”**. The project is co-financed by the EU Neighborhood Investment Platform (NIP) an EU facility stemming from the financing options offered by the European Neighborhood Instrument (ENI) Regulation, that approved a grant to support the NIP Ukraine Water Modernisation Programme (NIP grant).

The Employer now invites sealed tenders from Contractors for the following contracts to be funded from part of the proceeds of the financing for **Supply, Installation and Construction Works for the reconstruction of water supply distribution pipes and replacement of pumps for the object “Reconstruction of water supply networks of MUC “Berdychivvodokanal” of Berdychiv city”**.

Tendering for contracts that are to be financed with the proceeds of NEFCO financing is open to firms/individuals from any country.

The Contract is co-financed by NEFCO's loan, NIP grant and the co-financing of city and/or vodokanal.

Tenders are invited for the complete scope of works; tenders for a part of works will be rejected. The successful Tenderer will be required to sign two contracts, one for each source of financing – the NIP grant; and co-financing from the local budget, including NEFCO loan financing. The value of each contract will be determined by the Employer after identifying the winner by grouping its proposed prices into respective price schedules for each contract. The total value of both contracts will be equal to the total price of the successful tender (without VAT).

Tenders should be priced in Euro. The value of the contract to be financed by the municipal budget will be converted into Hryvnia at the exchange rate of the National Bank of Ukraine at the Contract signing date and VAT will be added.

The contract that is to be financed by the NIP grant will be tax exempt, therefore, the respective amount of VAT will be excluded from this contract's price.

To be qualified for the award of a contract, tenderers must satisfy the following minimum criteria:

- Tenderers shall meet the eligibility requirements set forth in Instructions to Tenderers;
- the Tenderer, has the financial, technical and production capability and capacity necessary to perform the Contract, and Tenderer's average annual turnover in the previous **three (3) years exceeded EUR 2,450,000 equivalent**. In case of tender submitted by JVCA, the leading partner should demonstrate at least 50% compliance with the requirement;
- the Tenderer has access to, or has available, liquid assets, unencumbered real assets, lines of credit and other financial means sufficient to meet the production cash flow for the contract estimated as not less than **40% of the Tender price** proposed by the Tenderer, taking into account the Tenderer's commitments for other contracts;
- The Tenderer has satisfactorily supplied and completed similar plant and works to other employers for the period 2016-2021:

- for Lot Berdychiv-L1 at least **two (2) contracts** as main contractor for supply and installation of **water supply distribution pipes in urban conditions, each with a total length of at least 6 km, including distribution pipes with a diameter (DN) of at least 200 mm;**
  - for Lot Berdychiv-G1 at least **two (2) contracts** as main contractor for **new construction or reconstruction of water supply pumping stations including installation of main process pumps with capacity of at least 60 m3/hour;**
  - for Lot 3 – Berdychiv-G2 at least **one (1) contract** as main contractor for **new construction or reconstruction of wastewater pumping station including installation of main process pumps with capacity of at least 200 m3/hour.**
- Non-performance of contract by Tenderer (including members of JVCA, if appropriate) did not occur during the last 3 years;
  - All pending litigation against Tenderer (including members of JVCA, if appropriate) shall in total not represent more than 30% of the Tenderer's net worth;
  - The Tenderer shall demonstrate that he (or JVCA partner or designated subcontractor) has available all personnel for implementation all necessary works;
  - the Tenderer or its agent will be able to carry out warranty obligations;
  - the Tenderer is not bankrupt or under bankruptcy procedures according to the national legislation or regulations;
  - in the case of a Tenderer offering to supply plant under the Contract which the Tenderer does not manufacture or otherwise produce, the Tenderer has been duly authorised by the plant's manufacturer or producer to supply the plants in the Employer's country.

In preparation of their offers, the Tenderers should take into account that the works in this contract will tentatively start in April 2022 and end in January 2024.

Tender documents may be obtained from the office at the address below free of charge upon a written request from a prospective Tenderer.

Upon receiving the written request from prospective Tenderer, the documents will be promptly dispatched electronically in PDF and MS Word format, however, no liability can be accepted for their non-delivery or late delivery. In case of discrepancies between the PDF and Word versions of the document, the PDF version shall prevail.

All tenders must be accompanied by a tender security in the form of tender-securing declaration whose form is provided in Tender Document. The purpose of tender security is to ensure the tenderers are serious about their participation.

The winning tenderer will have to provide performance security from a reputable bank acceptable to NEFCO.
