

We finance the initial scale-up of Nordic green solutions on global markets.

Our task

Accelerating the green transition

Higher risk

- We are ready to take a higher financial risk, if there is a green upside.

Green financing only

- We only finance projects that generate positive environmental and/or climate-related impacts.

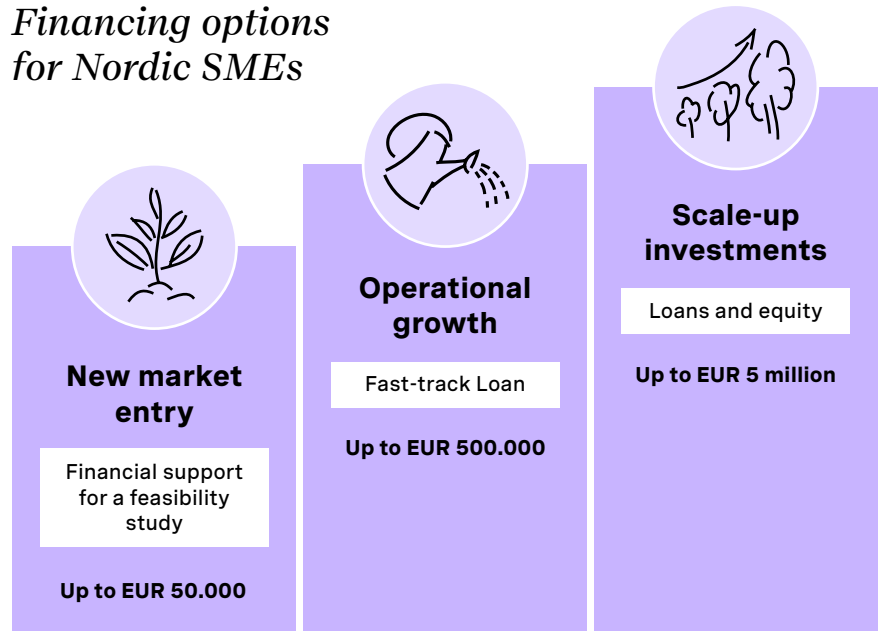

High additionality

- We provide environmental expertise and risk financing that commercial banks typically do not provide.

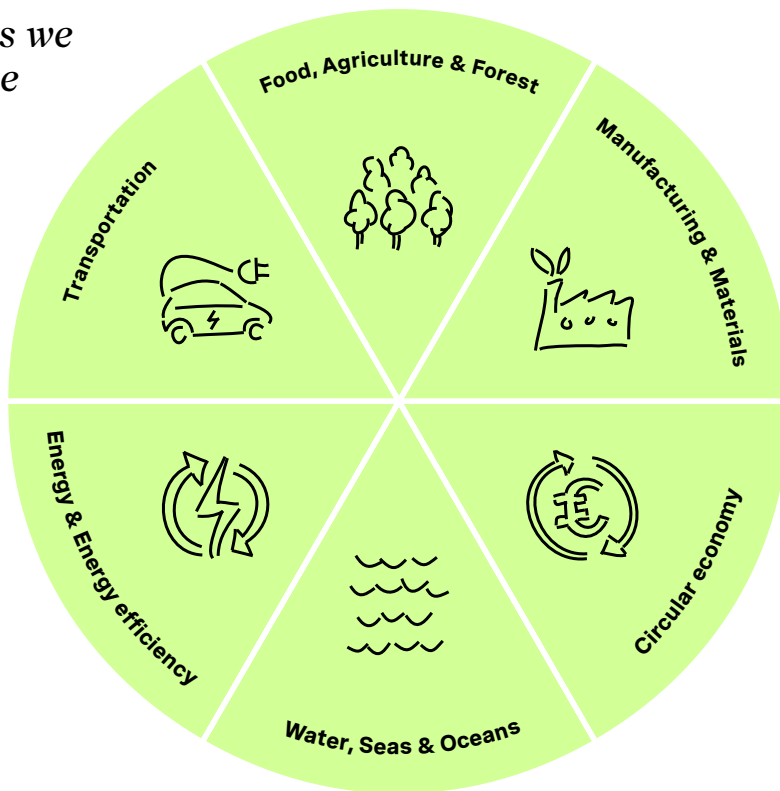

Pioneer in biodiversity

- We develop and test concrete biodiversity actions with SMEs.

Financing options for Nordic SMEs

Sectors we finance

Our investment criteria

- Nordic SMEs with environmentally sustainable products or services
- Evaluation against the environmental drivers (EU Taxonomy) and Nefco's own environmental & sustainability criteria
- Technical and financial viability
- Technology scale-up potential
- Mitigation of potential environmental and social risks
