

Informational seminar regarding upcoming procurement on Construction of Nearly Zero Energy School Building in Nemishaeve territorial community, Ukraine

Following General Procurement Notice, Nemishaeve Territorial Community together with NEFCO invites interested potential bidders to informational seminar regarding the upcoming procurement “**Detailed design and reconstruction with the adaptation of the educational building of the Mykulytskyi Lyceum of the Nemishayiv Village Council at 10 Yakovenka St., Mykulychi village, Bucha district, Kyiv region**”.

The project intends to construct educational building for Mykulytskyi Lyceum, using the technology of **timber building kits** and applying **Nearly Zero Energy Building (NZEB)** principles.

The purpose of seminar is to inform potential bidders about planned two-stage procurement procedure, how the procurement (including evaluation) process will be organised, what are the main expectations of the project, and what potential tender participants should be prepared for during the procurement process.

The tender is planned to be announced during July 2025.

All interested parties are encouraged to attend the seminar, which will be organised on-line on **1 July 2025** from **12:00** to **15:00** (Kyiv time). For registration and getting the link to the seminar, please send the request not later than **26 June 2025** with indication the company you are representing to the following email address: ngr@niras.com
