Impact Fund Denmark and the Swedish International Development Cooperation Agency (Sida) have made available grant proceeds for the rehabilitation of the Wastewater Treatment Plant (WWTP) under the Lviv Wastewater project.

The Lviv Wastewater project was initiated with the purpose of addressing the urgent investment needs of the City of Lviv in respect of its WWTP. The general objectives are to ensure (i) reliable and efficient operations at the Lviv WWTP and (ii) compliance of the treated WWTP effluent with HELCOM Recommendation as well as European Union and local standards.

The Municipal Enterprise Lvivvodokanal is planning to announce an open procurement(s) for one or several Design and Build contract(s) related to the rehabilitation of parts of the WWTP and tendering for the contract(s) is expected in the fourth quarter of 2025. The works are expected to be completed by the end of 2027.

The procurements will be arranged in line with Nefco's Procurement Policy and Procedures and are open for all firms.

We encourage contractors to promptly express their interest in the procurement opportunity by **30 October 2025** by sending an e-mail to the Project Management Consultant via LWWTP@egis-ukraina.com, including the following details:

- 1) legal name of your company,
- 2) business id (ERPOU code or relevant national reference).

Upon receipt of your email, we will provide you with a brief questionnaire tailored to gather further information about your company.
