

General Procurement Notice

Project Name: Improvement of Energy Efficiency and Energy Security of the Water Pumping Station, Partial Renovation of the Existing Water Networks in Krasyliv

Country: Ukraine

Sector: Energy Efficiency/ Water Sector

Funding sources: Nordic Environment Finance Corporation (NEFCO) as fund manager for grant funds provided under the multi-donor financed Green Recovery Programme for Ukraine

Procurement: Works, Goods and Services

Notice type: General Procurement Notice

Issue date: 4 December 2025

Expected closing date: 31 May 2027

Krasyliv City Council of Khmelnytskyi region (Krasyliv City Council) is going to announce competitive tendering for the works, goods and services required for the Project “Improvement of Energy Efficiency and Energy Security of the Water Pumping Station, Partial Renovation of the Existing Water networks in Krasyliv” (the Project).

The Krasyliv City Council plans to allocate grant funding provided by the Norwegian Government, administered through NEFCO, for the implementation of the Project. The total budget is set at up to EUR 500,000 (excluding VAT).

Main Project Components:

- Component 1: Modernization of the water pumping station and related facilities, including partial renovation of building, replacement of obsolete pumping and electrical equipment, installation of automated control systems with frequency converters, and modernization of engineering networks.
- Component 2: Installation of a solar photovoltaic power plant with battery energy storage system (BESS) and net-billing functionality at artesian wells No. 6 and No. 7.
- Component 3: Partial reconstruction (replacement) of existing water supply networks.

The Project also includes preparation and approval of project design documentation, obtaining necessary permits, supply, installation and commissioning of goods and equipment, and performance of related works and services by contractors.

The selection of contractors for the Project is anticipated to be announced in the first quarter of 2026, with full project completion expected on or before May 2027.

All procurement will be conducted in accordance with the NEFCO Procurement Policy and Procedures, available at: <https://www.nefco.int/about-nefco/procurement/>. Tender notices will be published on the NEFCO website and other relevant platforms.
