Issue date: 7 January 2026

Expected closing date: 31 July, 2027 at 23:59 Kyiv time

Kovel City Council is going to announce competitive tendering for the works, goods and services required for the Project “Energy Efficiency improvements in Public Buildings in the city of Kovel, Volyn region, Ukraine including Kovel Lyceum №1 and Preschool Educational Institution №10” (the Project).

Main Project Components:

- Component 1. Energy efficiency improvements in Kovel Lyceum No.1 including: Thermal insulation of the roof, external walls, and socle; Replacement of entrance doors and arrangement of air-locker at the entrance; Modernization of the internal heating system, including replacement of pipelines, heating appliances and installation of thermostatic valves and an Individual Heat Substation (IHS); Implementation of mechanical ventilation with waste heat recovery; Upgrade of building level power supply; Installation of a 10kW solar photovoltaic (PV) plant with battery storage.
- Component 2. Energy efficiency improvements in Preschool Educational Institution №10 including: Thermal insulation of the roof, external walls, and socle; Replacement of entrance doors and arrangement of air-locker at the entrance; Modernization of the internal heating system, including replacement of pipelines, heating appliances and installation of thermostatic valves and an Individual Heat Substation (IHS); Implementation of mechanical ventilation with waste heat

recovery; Upgrade of building level power supply; Installation of a 15kW solar photovoltaic (PV) plant with battery storage.

The Project also includes preparation and approval of project design documentation, obtaining necessary permits, supply, installation and commissioning of goods and equipment, and performance of related works and services by contractors.

Open tenders for the selection of contractors for the both components of the Project are anticipated to be announced in the first quarter of 2026, with full Project completion expected on or before July 2027.

Procurement will be conducted in accordance with the NEFCO Procurement Policy and Procedures, available at: <https://www.nefco.int/about-nefco/procurement/>. Tender notices will be published on the NEFCO website and other relevant platforms. For express the interest or for more information please contact:
