

General Procurement Notice

Project Name: Improvement of Energy Efficiency and installation of Solar PV plants at the Volodymyr communal water utility

Country: Ukraine

Sector: Energy Efficiency

Funding sources: Nordic Environment Finance Corporation (NEFCO) as fund manager for grant funds provided under the multi-donor financed Green Recovery Programme for Ukraine

Procurement: Works, Goods and Services

Notice type: General Procurement Notice

Issue date: 6 April 2026

Expected closing date: 6 April, 2027 at 23:59 Kyiv time

Volodymyr City Council is going to announce competitive tendering for the works, goods and services required for the Project “Improvement of Energy Efficiency and installation of Solar PV plants at the Volodymyr communal water utility ” (the Project).

Volodymyr City Council intends to allocate grant funding provided by Norway, administered through NEFCO, and it's own funds as co-financing for the implementation of the Project.

The Project is being implemented based on the Grant Agreement between Volodymyr City Council and NEFCO dated 17 December 2025.

Main Project Components:

- Component 1. Installation of Solar Photovoltaic (PV) Stations at Water Supply Facilities including: installation of three PV plants at the "Wells" Site (80 kW), Central Water Intake (50 kW) and Northern Water Intake (15 k W), integration of PV systems into the existing power infrastructure of the municipal water utility "Volodymyrvodokanal".

- Component 2. Reconstruction of Well No. 7 and Replacement of Water Meters including: refurbishment of Well No, 7, including installation of a new submersible pump and frequency converter, modernization of electrical and power supply systems, replacement of water meters at Wells No, 2, 4 and 6 and integration into the central monitoring system.

The Project also includes preparation and approval of project design documentation, obtaining necessary permits, supply, installation and commissioning of goods and equipment, and performance of related works and services by contractors.

Open tenders for the selection of contractors for the both components of the Project are anticipated to be announced in the first quarter of 2026, with full Project completion expected on or before May 2027.

Procurement will be conducted in accordance with the NEFCO Procurement Policy and Procedures, available at: <https://www.nefco.int/about-nefco/procurement/>. Tender notices will be published on the NEFCO website and other relevant platforms.
